CAMPUSS FRANCE LAUNCHES THE FIRST "WORLD ALUMNI DAY"

At the initiative of the Minister for Europe and Foreign Affairs, Catherine Colonna, the Campus France agency and the entire diplomatic network are organizing the first World Alumni Day of French higher education. With around 170 events taking place around the world from May 13 to 28, France Alumni Day celebrates the exceptional diversity of talent trained in France and highlights their achievements on five continents.

In Paris and around the world: celebrating alumni who have chosen France

The World Alumni Day event season runs from May 13 to 28, 2023, and includes around 170 events in France and around the world. In Paris, an event will be held at the Quai d'Orsay on May 23 to bring together alumni with exceptional backgrounds (see program and list of participants), in the presence of Olivier Becht, Minister Delegate in charge of Foreign Trade, Attractiveness and French citizen abroad.

In French embassies abroad, about 100 events will take place to highlight the richness of the alumni experience, particularly former French government scholarship recipients, and the importance of this unique and lasting connection with France, which is their common denominator and a catalyst for their professional lives. This operation will highlight the strength of the France Alumni network, which was launched in 2014 and now brings together more than 372,000 members worldwide.

Numerous events are organized by embassies in "Team France," in conjunction with the Institut Français, the AEFE and Business France, in order to amplify the scope of the actions undertaken. This operation responds to the challenges of maintaining ties with alumni, who contribute to the richness and diversity of the French-speaking world.

A mobilization of higher education actors throughout France

As key players in welcoming international students, higher education institutions and alumni associations are invited to join this celebration by including events in the France Alumni Day agenda designed to bring together the community of international students and alumni.
