

EXPERIENCE

the Bienvenue en France Quality

So, I made up my mind. I'm going to study in France!

Campus France!

Have you heard of the Bienvenue en France Label?

Certified institutions provide quality services, from orientation to Programs Taught in English and accommodation.

Welcome! I'll be helping you settle down and get off on a good start at your new university.

Where would you find all the info?

It's all on the certified Higher Education Institutions website.*

* There are 275 Campus France offices in 134 countries worldwide that provide information on French Higher Education.

* The Bienvenue en France Label is a part of the national strategy for attracting foreign students.

Can't wait for orientation week to begin.

The sport facilities on campus are awesome!

Apparently my campus supports actions for a sustainable quality of life. I could even earn ECTS credits! I'm so signing-up!

* Medical services include general practitioners, nurses, psychologists, disabled persons contacts, social workers, and a call centre.

Also, Mom and Dad will be glad to know there's an on-campus medical centre.*

I'll be meeting new people from all around the world, student advisors, and discover campus – finally...

Thanks. With that, and the mock interview sessions, I'm sure to improve my job-hunting skills.

Let's keep in touch to talk about job opportunities!

I'm part of the France Alumni Network.

Will you be coming tonight to set up the intercultural soirée?

Can't. I've got French conversation classes with native students.

You're welcome to attend the résumé workshop and submit your CV for feedback afterwards.

JOIN US AROUND THE BIENVENUE EN FRANCE LABEL CORNER: A SCHEDULE OF PRESENTATIONS AND INFORMATION SESSIONS

[I] WEDNESDAY 27 SEPTEMBER

09:00-10:00 Information session

10:00 -10:30 Presentation of the Bienvenue en France Label, Campus France

Launched in 2018, The Bienvenue en France Label is a part of a national strategie for attracting international students. It aims at encouraging good practices in higher education institutions and to ensuring that the best hosting conditions are provided to international students.

10:30 – 11:00 Information session

11:00-11:30 Welcome desk

The implementation of the multiservice platform for welcoming international student, researchers and staff, GATE. Université Paris-Saclay, Guillaume Garreta
GATE is open to all international students, researchers or employees of R&D centers and higher education institutions in the Paris-Saclay area. This multi-service welcome desk helps them carrying out all the necessary administrative procedures (residence permit, housing, health insurance, accommodation, transports, job research, campus life, etc) for their move and stay in France in a single location with a variety of partners.

11:30 – 2:30 Information session

2:30-3:00 Intercultural training

Intercultural training for staff: welcoming and supporting international students. University of Lorraine, Nathalie Fick

This training is dedicated to administrative & academic staff in contact with international students (IRO, Registration desks, academic offices, libraries...). Main purposes: create a self-reflection about international students' situation and their need for support, raise the awareness of intercultural knowledge like creating empathy & greater acceptance and tolerance of differences and Improving attractiveness of the university

3:00-3:30 : Information session

3:30-4:00 Sustainable Development

Actions for a sustainable Campus. Ecole Polytechnique – IPP, Gaëlle Le Goff

In 2022, the École Polytechnique accelerates its commitment to the ecological transition with the publication of its Climate Plan. This plan integrates sustainable development into its fundamental missions of training, research and innovation and into the operation of its campus.

This session will describe programs and actions related to environmental transition and how international students get involved in.

4:30-6h00 Information session

[II] THURSDAY 28 SEPTEMBER

09:00 -10:00 Information session

10:30 – 11:00 Presentation of the Bienvenue en France Label, Campus France

Launched in 2019, The Bienvenue en France Label is a part of a national strategie for attracting international students. It aims at encouraging good practices in higher education institutions and to ensuring that the best hosting conditions are provided to international students.

11:00-11:30 Student experience

Effective Onboarding Practices – Skema, Amanda Nagele
A Glance at Your Future in France! This session will talk about the role of Onboarding and how it can play an integral role in ensuring a successful student experience once in France. What are the best onboarding practices for newly enrolled international students and how do we overcome common challenges to make sure international students feel truly engaged.

11:30 – 2:30 Information session

2:30-3:00 Welcome desk :

Stronger Together: Pooling Resources to Welcome International Students, ENSAI, CMI de Rennes - Todd Donahue, Baptiste Bourquardez

ENSAI is one of 14 HEIs that use and finance the Rennes Center for International Mobility (CMI). The CMI provides key services that ENSAI could not otherwise provide for international students and researchers, helping ensure a warm welcome and smooth stays in Rennes.

3:00-3:30 : Information session

3:30-4:00 Student engagement

Social responsibility at Bordeaux Montaigne University – University of Bordeaux Montaigne, Sophie Lespes

Social responsibility issues are at the heart of Université Bordeaux Montaigne's priorities. The university is committed to a cross-disciplinary approach to ecological transition and solidarity at all levels (training, research, campus life, asset management, development, etc.). Bordeaux Montaigne University is committed to creating a favourable environment for work, study and self-fulfilment for its entire community. It is particularly committed to its students, their training and their integration into the world of work, providing the conditions for their success.
